Dear Mayor and Councillors:

Re: Public Hearing June 22, 2010 - Rezoning 675 - 691 East Broadway

We are very concerned that this project is going forward for rezoning when the community is clearly not supportive of the project as currently proposed.

We request that the City listen to the community and respect local area planning processes for scale and design of built form. We note that the scale of the project is much larger than what is community supported in the Mt. Pleasant visioning process. We urge Council to direct staff to work with the neighbourhood to come forward with a different plan that is consistent with local area planning and that is community supported.
